## For Him

## voici suhali!

Making its debut on the catwalk in 2003, the **Suhali Collection** is again hitting the world of leather with a hot new line. Famed for its softness and air of sophistication, calfskin is inevitably stealing the limelight. The very chic handbags come in two models: 'Epanoui,' the structure of which highlights **Louis Vuitton's** signature fine craftsmanship and 'Impetueux,' a synonym for practicality perfect for urbanites. The saddle-stitching, metal inserts and the 'S' lock are all drawn from the Louis Vuitton tradition and historic expertise behind the classic monogram-canvassed trunk. All are available in white, blue, black, and of course geranium, the shade for this season.

This latest fragrance by **Ralph Lauren** is ultra-feminine, a sophisticated, captivating scent especially created for today's woman. The sleek, modern lines of the bottle echo the appealing characteristics of the pinkish fragrance inside. A modern, floral blend wrapped in a soft blanket of suede, sensual musk and sleek woods to create a fresh yet sexy sensation.

## tulips are back

The new Creative Director of **Givenchy Homme**, Oswald Boateng has just completed his debut collection for men. His ultra contemporary twist on the classical form has unveiled a new dawn for the home of classical British tailoring on the international stage. This **Spring/Summer** collection distils the powerful attitude of French men into a modern clothing sensibility. Discretely embossed throughout the collection is Givenchy's favourite flower, as well as his source of inspiration, the Tulip. Givenchy's hallmark white polka dot pattern is apparent in the lining.

## watching the wild

It is possible to go adventuring in style; the new rubber-strapped **Riviera Chronograph XXL** was recently launched for the modern adventurer. The original twelve-sided watchcase design feature remains, while the vulcanised strap with triple folding security clasp and luminescent-coated Roman numerals bring a sporty and masculine look to this new model. Great news for demanding connoisseurs and dive enthusiasts (it's water-resistant up to 100 metres).

## those seductive italians

**Z Zegna** is the new scent from **Ermenegildo Zegna**. Z is the initial of Zeta, a man who values style, freedom and authenticity, as well as appreciating art, fashion and technology. This new fragrance is cool, lively and sparkles with Sicilian bergamot and rosemary. Also hinted at is a spot of nutmeg and white pepper, patchouli and warm earthy notes of oak moss.
